“Time Travel and Teleportation” - Andrew D. Basiago is a lawyer with degrees from UCLA and Cambridge. Andy was a participant in two secret US defense projects. In the early 1970's, he was a child participant in DARPA's Project Pegasus, which was the US time-space exploration program at the time of the emergence of time travel in the US defense-technical community. In the early 1980's he was a young adult participant in the CIA's Mars jump room program, which used a revolutionary transport technology to put a human presence on the Red Planet. Today, Andy is waging a Truth Campaign to reveal his experiences in these programs to others so that humanity can understand the true extent of technical development on our planet and the true history of our activities in outer space. **Host: John B Wells**

His interview in this first link starts at the “35 minute” mark.
